Defense Logistics Management Standards Office Mission

- **Serves as the DoD Executive Agent for logistics information exchange** and serves as a DoD Enterprise Service Provider supporting the OSD Supply Chain Integration Office, the OSD Defense Procurement and Acquisition Policy Office, and the OSD Comptroller office
- Is responsible for the operation, formal collaboration, process improvement, and publication of revised guidance developed by DoD Process Review Committees (PRC)
- Administers DoD policy regarding the management of logistics transactions supported by both the Defense Logistics Standard Systems (DLSS), and the Defense Logistics Management System (DLMS)

97 Process Improvements via DLMS Last Year

DLA Logistics Management Standards

Office Mission - Continued

- Serves as logistics advisor on multiple DoD, Federal Agency, and DLA committees, working groups, integrated product teams (IPTs) and continuous process improvement (CPI) projects
- Is formally tasked in DoD publications to manage the Joint Physical Inventory Working Group (JPIWG), the Joint Small Arms/Light Weapons Coordinating Group (JSA/LWCG), the web-based Supply Discrepancy Reporting Program (WebSDR), the Finance Process Review Committee, and the DoD Activity Address Directory (DoDAAD/Military Assistance Program Address Directory (MAPAD) PRC
- Facilitates Enterprise Integration and **continuous improvement** of operations by developing and maintaining the DoD logistics Information Exchange Infrastructure and publishing detailed guidance that identifies who does what, when, and how along the DoD logistics chain

DLMSO Purpose/Mission

Business Process Transformation & Interoperability

Facilitate enterprise integration and continuous process improvements to logistics management and operations while maintaining interoperability by:

- Developing business rules that implement DoD policy
- Developing and managing the DoD logistic information exchange infrastructure
- Publishing detailed procedures that identify who does what, when, and how in the logistics chain
